

## Acknowledgments

An acknowledgement statement must be included in all publications, reports, and oral presentations.

General acknowledgement statement that you can use in all cases:

*Support by InfraVis is gratefully acknowledged – Swedish Research Council grant 2021-00181.*

For particular cases, here are examples of acknowledgement statements:

- **Domes, labs, premises.** If your project has used InfraVis non-personnel resources such as domes, labs and other premises, your acknowledgement can be more specific, for example:

*The visualizations were performed with resources provided by InfraVis through the Virtual Reality Laboratory, Lund University under Swedish Research Council grant 2021-00181 (OBS. replace with your own resource and university).*

- **InfraVis personnel.** In publications based on data visualized with support from InfraVis application experts:

*The authors acknowledge support from InfraVis for providing application expertise for visualization through the Swedish Research Council grant 2021-00181.*

- **Software and computational hardware.** In publications based on data visualized with InfraVis software and/or on InfraVis hardware:

*The authors acknowledge support from InfraVis for providing visualization resources through the Swedish Research Council grant 2021-00181.*

InfraVis staff are encouraged to be co-authors when this is merited in accordance to the ethical recommendations for authorship, e.g. [ICMJE recommendations](#). If applicable, please include First name, Surname, InfraVis, Further Affiliations, as co-author.
